Please be advised that as of January 26, 2010, Customs and Border Protection requires the submission of an Importer Security Filing (ISF) on all ocean cargo, 24 hours prior to the cargo being loaded on a vessel, destined for the United States.

We are in receipt of the above mentioned documents. Our records indicate these goods were laden on a vessel without transmission of the ISF. CBP has advised they will be issuing liquidated damages in the amount of \$5,000.00 for late filings of the ISF*.

Before T. Customs Broker, Inc. proceeds with the processing of your Security Filing and your Entry to Customs and Border protection, we need you to acknowledge your awareness of the late submission and potential Liquidated Damages.

Once we receive your signed acknowledgement, we will begin the processing of your entry and submission of the ISF. If you have any questions, please contact T. Customs Broker, Inc.
